All bids must be made on the form furnished by the City. Each bid must be submitted in a sealed package addressed to the City Clerk with the Project name and bid number typed or clearly printed on the lower left corner of the package. Bids must remain valid and shall not be subject to withdrawal for ninety (90) Days after the bid opening date.

INCORPORATION OF STANDARD SPECIFICATIONS

The 2012 edition of "Standard Specifications for Public Works Construction" and the 2013 and 2014 Supplements (collectively "Standard Specifications") are incorporated into these Contract Documents by this reference, as amended by the provisions of these Contract Documents. The Work described herein shall be done in accordance with the provisions of the Standard Specifications insofar as the same may apply, and in accordance with these Contract Documents.

SCOPE OF WORK

The Project consists of two phases, Phase 1 entails the rehabilitation of a 350,000-gallon Thermal Energy Storage Tank located under a paved section of a City facility located at 450 North Rexford Drive in Beverly Hills, CA. The concrete tank constructed in 1989 is approximately 62' x 31' x 25' in depth. The tank is fully buried and is currently leaking.

The intent of Phase 1 is to remove internal sediment, clean, repair diffusers and perform an interior inspection to determine the source of leakage. Services shall also include submission to the City assessment report and recommendations for tank repairs as appropriate and preparation of specifications, suitable for Public works bidding and implementation in phase 2.

OBTAINING BID DOCUMENTS

A copy of the Contract Documents may be obtained by mail or in person from the Public Works Department, 345 Foothill Road, Beverly Hills, CA 90210, telephone number 310-288-2866. The Contract Documents, including the plans and specifications may also be viewed on, and downloaded from the City's website: [www.beverlyhills.org/shortcuts: bid information: bid number 17-59](http://www.beverlyhills.org/shortcuts:bid%20information:bid%20number%2017-59).

PREQUALIFICATION

The City can only accept Proposals from Bidders who have been prequalified for this Project. Any Proposal received from a Bidder who has not been prequalified for this Project will be returned unopened to the Bidder.

MANDATORY PRE-BID MEETING AND SITE VISIT

A mandatory pre-bid meeting will be held on **December 27, 2017 at 11:00 a.m.** at Library Building Entrance, located 444 N. Rexford Drive, Beverly Hills, CA 90210. Every Bidder is required to attend the pre-bid meeting and site visit. Failure of a Bidder to attend will render that Bidder's Proposal non-responsive. No allowances for cost adjustments will be made if Bidders fail to adequately examine the premises before submitting a Proposal.

REQUESTS FOR CLARIFICATION

If you discover any error, omission, ambiguity or conflict in the Plans or Specifications and wish to have a clarification, please fax or email your request for clarification to the Project Administrator such that it is received by him or her no later than five (5) working days before Bid opening. Requests for clarification received after this date will be disregarded. Please indicate the Project and bid number in your request for clarification.

REGISTRATION WITH THE DEPARTMENT OF INDUSTRIAL RELATIONS

The Bidder's attention is directed to Labor Code Section 1725.5, which provides that a contractor or subcontractor shall not be qualified to bid on, be listed in a Bid proposal, subject to the requirements of Public Contract Code Section 4104, or engage in the performance of any contract that is subject to Labor Code Section 1720 *et seq.*, unless currently registered and qualified to perform a public work pursuant to Labor Code Section 1725.5. This requirement applies to any bid proposal submitted on or after March 1, 2015, and any contract for public work entered into on or after April 1, 2015.

PREVAILING WAGES

In accordance with Labor Code Section 1770 *et seq.*, this Project is a "public work," and thus, the Contractor and any Subcontractors must pay wages in accordance with the determination of the Director of the Department of Industrial Relations ("DIR") regarding the prevailing rate of per diem wages. Copies of those rates are on file with the Director of Public Works, and are available to any interested party upon request. Contractor shall post a copy of the DIR's determination of the prevailing rate of per diem wages at each job site.

BONDS

Each Bid must be accompanied by a cash deposit, cashier's check, certified check or Bidder's Bond issued by a Surety insurer, each of which must be made payable to the City, in an amount not less than ten percent (10%) of the total Bid submitted. Personal or company checks are not acceptable. Upon award of Contract, Contractor shall provide faithful performance and payment Bonds, each in a sum equal to the Contract Price. Bonds must be issued by a California admitted Surety insurer and submitted using the required forms, which are in the Contract Documents. Failure to enter into a valid contract, including the submission of all required Bonds and insurance coverages, with the City within fifteen (15) Days after the date of the delivery of the contract forms to the Bidder, shall constitute a material breach and subject the Bid security to forfeiture to the extent provided by law.

LICENSES

The Bidder shall possess a valid Class A Contractor's license issued by California State Contractors License Board at the time of the Bid submission. The successful Contractor must also possess a current City business license.

RETENTION SUBSTITUTION

Five percent (5%) of any progress payment will be withheld as retention. In accordance with Public Contract Code Section 22300, and at the request and expense of the Contractor, securities equivalent to the amount withheld may be deposited with City or with a State or federally chartered bank as escrow agent, which shall then pay such moneys to the Contractor. Upon satisfactory completion of the Contract, the securities shall be returned to the Contractor. Alternatively, Contractor may request that the City make payments of earned retentions directly to an escrow agent at Contractor's expense. No such substitutions shall be accepted until all related documents are approved by the City Attorney.

LIQUIDATED DAMAGES

All Work shall be completed within the following calendar days following the date specified in the written Notice to Proceed from the City. There will be a \$500.00 assessment for each calendar day that Work remains incomplete beyond the time specified for the completion of the Work in the Contract Documents.

BIDDING PROCESS

The City reserves the right to reject any Bid or all Bids and to waive any irregularities or informalities in any Bid or in the bidding and to make awards in all or part in the best interest of the City.

II. INSTRUCTIONS TO BIDDERS

FORM OF PROPOSAL: Proposals shall be made on the Proposal forms found herein. Bidders shall include all forms and fill in all blank spaces, including inserting "N/A" (for non applicable) where necessary. The Proposal shall be enclosed in a sealed envelope bearing the name of the Bidder and the name of the Project as described in the Notice Inviting Bids.

DELIVERY OF PROPOSALS: The Proposal shall be delivered by the time and to the place stipulated in the Notice Inviting Bids. The time of delivery shall be definitively determined by the time-stamping clock located at the City Clerk's office. It is the Bidder's sole responsibility to see that this Proposal is received in proper time, and Bidders assume all risks arising out of the means of delivery. Any Proposal received after the scheduled closing time for receipt of Proposals may be returned to the Bidder unopened. Bidders or their authorized agents are invited to be present for Bid opening.

MODIFICATIONS AND ALTERNATIVE PROPOSALS: Unauthorized conditions, limitations or provisos attached to a Proposal will render it non-responsive and may be cause for rejection. The complete Proposal form must be without interlineations, alterations or erasures. No oral, telegraphic or telephonic Proposals or modifications will be considered.

WITHDRAWAL OF PROPOSAL: The Proposal may be withdrawn upon request by the Bidder without prejudice, provided that the request is in writing, has been executed by the Bidder or his or her duly authorized representative, and is filed with the Project Administrator before the date and time fixed for opening of Bids. No Proposal may be withdrawn during the period of ninety (90) Days after the opening of Proposals.

BIDDER'S SECURITY: In accordance with Public Contract Code Section 20170 *et seq.*, each Proposal shall be accompanied by cash, a certified or cashier's check payable to the City, or a satisfactory Bid Bond in favor of the City executed by the Bidder as principal and an admitted surety insurer as Surety, in an amount not less than ten percent (10%) of the amount set forth in the Bid. The cash, check or Bid Bond shall be given as a guarantee that the Bidder will execute the Contract if it is awarded to him or her in conformity with the Contract Documents and all Addenda issued before Bid opening, and shall provide the evidence of insurance and furnish the necessary Bonds as specified in the Contract Documents and all Addenda issued before Bid opening, within fifteen (15) Days after written notice of the award. In case of the Bidder's refusal or failure to do so, the cash, check, or Bond, as the case may be, shall be forfeited to the City pursuant to Public Contract Code Section 20172, except as provided in Public Contract Code Section 20174. Under Section 20174, if the lowest responsible Bidder fails or refuses to execute the Contract, the City may award the Contract to the next lowest responsible Bidder; if the City does so, the amount of the lowest Bidder's security shall be applied by the City to the difference between the lowest Bid and next lowest Bid, and the surplus, if any, shall be returned to the lowest Bidder or to his or her Surety. No Bidder's Bond will be accepted unless it conforms substantially to the form provided in these Contract Documents.

ADDENDA: The Project Administrator may, from time to time, issue Addenda to the Contract Documents. Parties that have obtained the Contract Documents shall be notified of and furnished with copies of such Addenda, either by certified mail, personal delivery, or facsimile during the period of advertising at no additional cost. The City may determine, in its sole discretion, whether an Addendum requires the postponement of the date set for opening Bids. The announcement of the new date, if any, shall be made within the Addenda. **Please Note:** Bidders are primarily and ultimately responsible for ensuring that they have received any and all Addenda. To this end, each Bidder should contact the City to verify that he or she has received all Addenda issued, if any. Bidders must acknowledge receipt of all Addenda, if any, in its Proposal. Failure to acknowledge receipt of all Addenda may cause a Proposal to be deemed incomplete and non-responsive.

DISCREPANCIES IN PROPOSALS: The Bidder shall set forth as to each item of Work, in clearly legible figures, a unit or line item Bid amount for the item in the respective spaces provided for this purpose.

In case of discrepancy between the unit price and the total set forth for the item, the unit price shall prevail. However, if the amount set forth as a unit price is ambiguous, unintelligible or uncertain for any cause, or is

omitted, or if the unit price is the same amount as the entry in the "Total" column, then the amount set forth in the "Total" column for the item shall prevail in accordance with the following:

- (1) As to lump sum items, the amount set forth in the "Total" column shall be the unit price.
- (2) As to unit price items, the amount set forth in the "Total" column shall be divided by the estimated quantity for the item and the price thus obtained shall be the unit price.

In case of discrepancy between words and figures, the words shall prevail.

BIDDER'S EXAMINATION OF SITE AND CONTRACT DOCUMENTS: Each Bidder must carefully examine the site of the Project, the entirety of the Contract Documents and all Addenda issued. Upon submission of a Proposal, it will be assumed that the Bidder has thoroughly investigated the Work and is satisfied as to the conditions to be encountered and the character, quality, and quantities of Work to be performed and materials to be furnished. Upon Proposal submission, it shall be further assumed that the Bidder is familiar with and agrees to the requirements of the Contract Documents and all Addenda issued. The submission of a Proposal shall be considered conclusive evidence that the Bidder has made such an examination and consents thereto. No information derived from an inspection of records or investigation will in any way relieve the Contractor from his or her obligations under the Contract Documents or any Addenda issued nor entitle the Contractor to any additional compensation. By submitting his or her Proposal, the Contractor agrees not to make any claim against the City based upon ignorance or misunderstanding of any condition of the Work site or of the requirements set forth in the Contract Documents or Addenda.

DISQUALIFICATION OF BIDDERS: No Person shall be allowed to make, file or be interested in more than one Bid for the same project, unless alternate Bids are specifically called for. A Person that has submitted a sub-proposal to a Bidder, or that has quoted prices of materials to a Bidder, is not hereby disqualified from submitting a sub-proposal or quoting prices to other Bidders or making a prime Proposal. If there is a reason to believe that collusion exists among the Bidders, all affected Bids will be rejected.

RETURN OF BID SECURITY: The successful Bidder's Proposal security shall be held until the Contract is executed. Bid security shall be returned to the unsuccessful Bidders within a reasonable time, which in any case shall not exceed sixty (60) Days after the successful Bidder has signed the Contract.

AWARD OF CONTRACT: The City reserves the right to reject any or all Proposals or any parts thereof or to waive any irregularities or informalities in any Proposal or in the bidding. The award of the Contract, if made, will be to the lowest responsible Bidder within ninety (90) Days after the opening of the Proposals, except that the award may be made after that period if the successful Bidder has not given the City written notice of the withdrawal of his or her Bid.

ADDITIVE OR DEDUCTIVE BIDS: If additive or deductive Bids are required, the lowest Bid shall be the Proposal with the lowest base bid, plus all of the alternate Bids, minus all of the deductive Bids, as listed in the Proposal forms. This determination method shall be used regardless of whether additive or deductive items are included in the project, which shall be at the City's discretion.

LISTING SUBCONTRACTORS: Each Bidder shall submit a list of the proposed Subcontractors on this Project, as required by the Subletting and Subcontracting Fair Practices Act (Public Contract Code Section 4100, *et seq.*). A form for this purpose is furnished with the Proposal.

EXECUTION OF CONTRACT: The Bidder to whom award of the Project is made shall execute a written contract with the City in the form included in these Contract Documents within fifteen (15) Days from the date of mailing of written notice of the award. This Bidder shall also secure all insurance and Bonds as herein specified, and provide copies therefor to the City, within fifteen (15) Days from the date of mailing of written notice of the award. Failure or refusal to enter into the Contract or to conform to any of the stipulated requirements shall be just cause for the annulment of the award and forfeiture of the Bidder's security. In the event the Bidder to whom an award is made fails or refuses to execute the Contract within that time, the City may declare the Bidder's security

forfeited, and the City Council may award the Work to the next lowest responsible Bidder, or may call for new Bids. Where the City Council awards the Work to the next lowest responsible Bidder, pursuant to Public Contract Code Section 20174, the amount of the lowest Bidder's security shall be applied to the difference between the lowest and next lowest Bid and the surplus, if any, shall be returned to the lowest Bidder or to his or her Surety. If the second lowest responsible Bidder fails or refuses to execute the Contract, the City Council may award the Contract to the third lowest responsible Bidder pursuant to Public Contract Code Section 20174.

SIGNATURES: The Bidder or his, her or its authorized representative shall execute all documents requiring signatures, including but not limited to various forms in the Proposal, various forms in the Contract, and Bonds. Bidders shall provide evidence satisfactory to the City, such as an authenticated resolution of its Board of Directors or a Power of Attorney, indicating the capacity of the person signing the Proposal to bind the Bidder to each Proposal and to any Contract arising therefrom.

INSURANCE AND BONDS: The Contractor shall not begin Work under the Contract until it has given the City evidence of all required insurance coverage, including all additional insured endorsements. The Contractor also shall not begin Work under the Contract until it has furnished to the City two Bonds: one guaranteeing the Contractor's faithful performance of the Contract, and other securing the payment of claims for labor and material. Each of these Bonds shall be executed in a sum equal to the Contract amount.

INDEMNITY: The indemnity shall be as written in Section 7.B of the Specifications.

INTERPRETATION OF CONTRACT DOCUMENTS: If any Bidder is in doubt as to the intended meaning of any part of the Contract Documents, or finds discrepancies in or omissions from the Contract Documents, he or she may submit to the Project Administrator a written request for an interpretation or correction not later than five (5) working days before Bid opening. The Person submitting the request will be responsible for its prompt delivery, and no requests will be accepted or considered after that time. Any interpretation or correction of the Contract Documents will be made only by an Addendum duly issued and mailed, with a copy of such Addendum faxed or emailed, to each Person receiving a set of the Contract Documents. No oral interpretation of any provision in the Contract Documents shall be binding.

TAXES: Except as may be otherwise specifically provided herein, all sales and/or use taxes assessed by federal, State or local authorities on materials used or furnished by the Contractor in performing the Work hereunder shall be paid by the Contractor. Contractor shall calculate payment for all sales, unemployment, pension and other taxes imposed by federal, State, and local law and shall include these payments in the total Proposal.

Otherwise, the provisions below shall supplement but not replace those provisions in Section 2 of the Standard Specifications.

In addition to the construction schedule required pursuant to Section 6-1.1 of the Standard Specifications after notification of the award of the Contract and before any start of the Project, as well as the revised construction schedule in advance of beginning revised operations, Contractor shall submit an updated construction schedule with its monthly invoice every month. Progress payments shall be contingent upon the receipt of monthly updated construction schedules.

The Contractor shall be prepared to discuss all of the items listed below.

- 1) Contractor's construction schedule.

Progress meetings will be held each week during the course of the Project. The meeting location, day of the week and time of day will be mutually agreed to by the City and the Contractor. The Contractor shall provide a two-week "look ahead" schedule for each meeting. The construction manager will preside at these meetings and will prepare the meeting agenda, meeting minutes and will distribute minutes to all persons in attendance. As the Work progresses, if it is determined by mutual agreement of the attendees, that weekly meetings are not necessary, the weekly progress meetings may be changed to bi-weekly progress meetings.

B. PROSECUTION OF THE WORK

If the Project Administrator determines that the Contractor is failing to prosecute the Work to the proper extent, the Project Administrator may issue an order in any form or manner. If the order is in writing, the Project Administrator has the option of listing the steps required to remedy the situation and reasonable deadlines therefor. The Project Administrator may also provide that if such steps are not taken within such listed deadlines, then a penalty of Five Hundred dollars (\$500) per day may be assessed for each day of delay. This option is available in addition to all other options in the Standard Specifications or as otherwise legally available.

C. TERMINATION OF THE CONTRACT FOR CONVENIENCE

In addition to the reasons for termination listed in Section 6-5 of the Standard Specifications, which allow termination upon any written notice, the City may cancel the Contract for any other reason or for no reason upon thirty (30) days' written notice. The rest of the procedure outlined in Section 6-5 shall apply to such situation, including the Contractor's required immediate notification of Subcontractors and suppliers and the payment. D. DELAYS AND EXTENSIONS OF TIME

1. Changed Conditions Caused by Acts of God

The Contractor shall not be responsible for the cost of repairing or restoring damage to the Work if the damages have been determined to have been proximately caused by an Act of God and are in excess of five percent (5%) of the Contract amount, provided that the Work damaged was built in accordance with accepted and applicable building standards and the Contract Documents. Per Section 7105(b)(2) of the Public Contract Code, "Acts of God" shall include only earthquakes in excess of a magnitude of 3.5 on the Richter Scale and tidal waves. The Contractor shall notify the City promptly in writing of each such excusable delay, its cause and its expected delay, and shall upon request update such notice. This Section shall not abridge or affect, and shall be read in congruence with, Section 6-6 of the Standard Specifications.

2. Delays

No extension of time will be granted for delay caused by shortage of materials unless the Contractor furnishes to the Project Administrator documentary proof that he or she has diligently made reasonable and timely efforts to obtain such materials from all known sources. No time extension will be granted for delays which do not affect the critical path of the construction schedule provided at the Pre-Construction Conference.

Unless otherwise agreed in writing, an adjustment to the Contract time by reason of a Change Order shall be agreed to at the time the Change Order is issued and accepted by the Contractor. If the Change Order does not reserve the right of the parties, or either of them, to seek an adjustment to the Contract time, then the parties forever relinquish and waive such right and there shall be no further adjustments to the Contract time.

3. Extensions of Time

In the event it is deemed appropriate by the City to extend the time for completion of the Work, any such extension shall not release any guarantee for the Work required by the Contract Documents, nor shall any such extension of time relieve or release the sureties on the Bonds executed. In executing such Bonds, the sureties shall be deemed to have expressly agreed to any such extensions of time. The amount of time allowed by an extension of time shall be limited to the period of the delay giving rise to the same as determined by the City. Notwithstanding any dispute which may arise in connection with a claim for adjustment of the Contract time, the Contractor shall promptly proceed with the Work.

4. Payment for Delays

Notwithstanding any other terms and conditions of the Contract Documents, the City shall have no obligation whatsoever to increase the Contract Price or extend the time for delays.

Unless compensation and/or mark up is agreed upon by the City, the Contractor agrees that no payment of compensation of any kind shall be made to the Contractor for damages or increased overhead costs caused by any delays in the progress of the Contract, whether such delays are avoidable or unavoidable or caused by any act or omission of the City or its agents. Any accepted delay claim shall be fully compensated for by an extension of time to complete the performance of the Work.

This Section shall not apply to compensable delays caused solely by the City. If a compensable delay is caused solely by the City, the Contractor shall be entitled to a Change Order that 1) extends the time for completion of the Contract by the amount of delay caused by the City, 2) compensates the Contractor for the actual costs caused by the delay and 3) pays the Contractor a mark-up for any additional work as set forth in Section 3 of the Standard Specifications and Section 3 of these General Provisions.

E. TIME OF COMPLETION

The Contractor shall complete all Work under the Contract for Phase 1 within Thirty (30) calendar days from the date of the Notice to Proceed. 2. Warranty

For the purposes of the calculation of the start of the warranty period, the Work herein contracted for shall be deemed to be completed upon the date of the City's acceptance of the entire Project, which is when the City Council directs staff to file a Notice of Completion. If that direction is contingent on the completion of any items remaining on a punchlist, the Work herein contracted for shall be deemed to be completed upon the date of the Project Administrator's acceptance of the final item(s) on that punchlist.

Contractor shall repair or replace defective materials and workmanship as required in Section 6-8.3 of the Standard Specification at Contractor's own expense. Additionally, Contractor agrees to defend, indemnify and hold the City harmless from claims of any kind arising from damage, injury or death due to such defects.

The parties agree that no certificate given shall be conclusive evidence of the faithful performance of the Contract, either in whole or in part, and that no payment shall be construed to be in acceptance of any defective Work or improper materials. Further, the certificate or final payment shall not terminate the Contractor's obligations under the warranty herein. The Contractor agrees that payment of the amount due under the Contract and the adjustments and payments due for any Work done in accordance with any alterations of the same, shall release the City, the City Council and its officers and employees from any and all claims or liability on account of Work performed under the Contract or any alteration thereof.

G. LIQUIDATED DAMAGES

For the purposes of the calculation of the start of the liquidated damages, the Work herein contracted for shall be deemed to be completed when the same has been actually completed in accordance with the Plans and Specifications therefor and to the satisfaction of the Project Administrator. The Project must be certified by the Project Administrator in accordance with Section 6-8.1 of the Standard Specifications.

Liquidated damages shall be as set forth in Section 6-9 of the Standard Specifications, except that the sum of Two Hundred and Fifty dollars (\$250) per calendar day is amended to Five Hundred dollars (\$500) per calendar day. 8. FACILITIES FOR CITY PERSONNEL

No field offices for City personnel shall be required; however, City personnel shall have the right to enter upon the Project at all times and shall be admitted to the offices of the Contractor to use the telephone, desk and sanitary facilities provided by the Contractor for his or her own personnel.

9. MEASUREMENT AND PAYMENT

The provisions below shall supplement but not replace those provisions in Section 9 of the Standard Specifications.

A. GENERAL PAYMENT

In accordance with Public Contract Code Section 7107, if no claims have been filed and are still pending, the amount deducted from the final estimate and retained by the City will be paid to the Contractor except such amounts as are required by law to be withheld by properly executed and filed notices to stop payment, or as may be withheld for any other lawful purposes.

B. PARTIAL AND FINAL PAYMENT

1. Monthly Closure Date and Invoice Date

In accordance with Section 9-3.2 of the Standard Specifications, the monthly closure date shall be the last calendar day of each month. A measurement of Work performed and a progress estimate of the value thereof based on the Contract and of the monthly payment shall be prepared by the Contractor and submitted to the Project Administrator before the tenth day of the following month for verification and payment consideration.

2. Payments

City shall make payments within thirty (30) Days after receipt of Contractor's undisputed and properly submitted payment request, including an updated construction schedule pursuant to Section 6.A.1 of the General Provisions. City shall return to Contractor any payment request determined not to be a proper payment request as soon as practicable, but not later than seven (7) Days after receipt, and shall explain in writing the reasons why the payment request is not proper.

3. Retention

The City shall withhold not less than five percent (5%) of the Contract Price until final completion and acceptance of the Project.

4. Final Invoice and Payment

Final Payment, constituting the entire unpaid balance of the Contract amount, shall be made by the City to the Contractor when (1) the Contract has been fully performed by the Contractor except for the Contractor's responsibility to correct nonconforming Work as agreed to between the City and the Contractor; and (2) a final Certificate for Payment has been submitted by the Contractor and approved by the City; and (3) the work has been accepted by the City Council of the City of Beverly Hills; and (4) a Notice of Completion has been filed. Final payment shall be made by the City not more than forty (40) days after completion of the above, but only to the extent that no stop notices or other requirements to withhold funds are then in effect.

5. Substitute Security.

In accordance with Public Contract Code Section 22300, the Contractor may request that it be permitted to substitute securities in lieu of having retention withheld by the City from progress payments when such payments become due or, in the alternative, Contractor may request that the City make payments of earned retentions directly to an agreed upon designated escrow agent at Contractor's expense. If the Contractor selects either one of these alternatives, the following shall control:

a) Substitution of Securities for Performance Retention

At some reasonable time before any progress payment would otherwise be due and payable to Contractor in the performance of Work under these Contract Documents, the Contractor may submit a request to the City in writing to permit the substitution of retentions with securities equivalent to the amount estimated by the City ("estimated amount of retention") to be withheld. Contractor shall deposit such securities with the City or may, in the alternative, deposit such securities in escrow with a State or federally chartered bank in California, as the escrow agent, and at the Contractor's expense. Such securities will be the equivalent or greater in value of the estimated amount of retention. If the Contract is modified by written Modifications or Change Orders or Contractor otherwise becomes entitled to receive an amount more than the Contract amount at the time the securities are deposited, the Contractor shall, at the request of the City, deposit with the City or escrow agent, whichever is applicable, additional securities within a reasonable time so that the amount of securities on deposit with the City or escrow agent is equivalent or greater in value than the amount of retention the City would otherwise be entitled to withhold from progress payments due or to become due to the Contractor as the Work progresses. The City shall withhold any retention amount that exceeds the security amount until the additional securities are deposited and, if the deposit is with an escrow agent, the City has confirmation from that escrow agent of the new total value of securities. Upon satisfactory completion of the Contract, which shall mean, among other things, that the City is not otherwise entitled to retain proceeds from progress payments as elsewhere provided in the Contract or under applicable law, the securities shall be returned to the Contractor. The City shall, within its sole discretion, determine whether the amount of the securities on deposit with the City or escrow agent is equal to or greater than the amount of estimated retention of progress payments which could otherwise be held by the City if the Contractor had not elected to substitute same with securities.

b) Deposit of Retention Proceeds with an Escrow Agent

As an alternative to the substitution of securities, as provided above, or the City otherwise retaining and holding retention proceeds from progress payments, the Contractor may request the City to make payments of retentions earned directly to an escrow agent with the same qualifications as required in paragraph (1) above and at the expense of the Contractor. At its sole expense, the Contractor may direct the investment of such retention payments into only such securities as mentioned in paragraph (3) below and shall be entitled to interest earned on such investments on the same terms provided for securities deposited by Contractor. Upon satisfactory completion of the Contract, which shall mean when the City would not otherwise be entitled to withhold retention proceeds from progress payments had the Contractor not elected to have such proceeds deposited into escrow, Contractor shall be allowed to receive from the escrow agent all securities, interest and payments deposited into escrow pursuant to the terms of this Section. The Contractor shall pay to each Subcontractor, not later than ten (10) Days of receipt of payment, the respective amount of interest earned, net of costs attributed to retention withheld from each Subcontractor, on the amount withheld to insure performance of the Contractor.

c) Subcontractor Entitlement to Interest

Any Contractor who elects to receive interest on moneys withheld in retention by the City shall, at the request of any Subcontractor performing more than five percent (5%) of the Contractor's total Bid, make that option available to the Subcontractor regarding any moneys withheld in retention by the Contractor from the Subcontractor. If the Contractor elects to receive interest on any moneys withheld in retention by the City, then the Subcontractor shall receive the identical rate of interest received by the Contractor on any retention moneys withheld from Subcontractor by the Contractor, less any actual pro rata costs associated with administering and calculating that interest. In the event that the interest rate is a fluctuating rate, the rate for the Subcontractor shall be determined by calculating the interest rate paid during the time that retentions were withheld from the Subcontractor. If the

Contractor elects to substitute securities in lieu of retention, then, by mutual consent of the Contractor and Subcontractor, the Subcontractor may substitute securities in exchange for the release of moneys held in retention by the Contractor. The Contractor shall pay each Subcontractor, not later than ten (10) Days after receipt of escrow moneys, the amount owed to each Subcontractor from the moneys plus the respective amount of interest earned, net of costs attributed to the retention held from each Subcontractor, on the amount of retention withheld to insure performance of the Subcontractor.

d) **Securities Eligible for Investment**

Securities eligible for investment shall include those listed in California Government Code Section 16430, bank or savings and loan certificates of deposit, interest-bearing demand deposit accounts, standby letters of credit, or any other security mutually agreed upon between the Contractor and the City. The Contractor shall be the beneficial owner of any securities substituted for any monies withheld and shall receive any interest thereon.

e) **Escrow Agreement for Security Deposits in Lieu of Retention**

The escrow agreement that shall be used for the deposit of securities in lieu of retention shall substantially conform to the form prescribed in California Public Contract Code Section 22300(f).

f) **Inconsistencies with Prevailing Statutory Requirements**

If there is any inconsistency between or differences in Public Contract Code Section 22300 and the terms of this provision, or any future amendments thereto, Section 22300 shall control.

C. AUDIT

The City or its representative shall have the option of inspecting and/or auditing all records and other written materials used by Contractor in preparing its billings to the City as a condition precedent to any payment to Contractor or in response to a construction claim or a Public Records Act request. Contractor will promptly furnish documents requested by the City at no cost. Additionally, Contractor shall be subject to State Auditor examination and audit at the request of the City or as part of any audit of the City, for a period of three (3) years after final payment under the Contract.

Upon award of this Contract and signing the Contract Documents, the City shall issue the Contractor a Notice to Proceed. The City will not authorize any Work to be done under these Contract Documents before the Contract has been fully executed. Any Work that is done by the Contractor in advance of such time shall be considered as being done at Contractor's own risk and responsibility, and as a consequence will be subject to rejection.

E. CONTRACTOR'S RESPONSIBILITY FOR WORK

Until the final acceptance of the Work by the City as defined in Section 6.F.1 of the General Provisions, by written action of the Project Administrator, the Contractor shall have the charge and care thereof and shall bear the risk of injury or damage to any part of the Work by the action of the elements or any other cause. The Contractor shall rebuild, repair, restore and make good all injuries or damages to any portion of the Work occasioned by any cause before its completion and acceptance and shall bear the expense thereof, except for such injuries or damages arising from the sole negligence of willful misconduct of the City, its officers, agents or employees. In the case of suspension of Work from any cause whatever, the Contractor shall be responsible for all materials and the protection of Work already completed, shall properly store and protect them if necessary, and shall provide suitable drainage and erect temporary structures where necessary.

Contractor shall be responsible for and shall provide and maintain all required guards, railings, lights and warning signs and shall take all precautions to avoid injury or damage to any person or property and shall protect and indemnify the City against any claim or liability arising from or based on the lack of proper safeguards or negligence whether by him- or herself or his or her agents, employees or Subcontractors.

Payment for barricading, protection and traffic control shall be included in the price bid and shall include all labor and material necessary to adequately perform the Work involved to the satisfaction of the Project Administrator.

I. ACCESS TO PRIVATE PROPERTY

The Contractor shall be responsible for all fees and costs associated with securing permission to access private property for any portion of the Project.

J. WORKING DAYS AND HOURS

Contractor shall do all Work between the hours of 8:00 a.m. to 6:00 p.m., Monday through Friday. No Work will be allowed on Federal or City holidays.

In addition, no Work will be allowed on any special election day which may be declared. Should a special election

day be declared, a time extension of one (1) working day will be granted for each such day.

Whenever the Contractor is permitted or directed to perform night Work or to vary the period during which Work is performed during the day, Contractor shall give twelve (12) hours notice to the Inspector so that inspection may be provided. Also, a charge may be made to the Contractor for approved overtime or weekend inspections requested by the Contractor.

K. CLAIM DISPUTE RESOLUTION

In the event of any dispute or controversy with the City over any matter whatsoever, Contractor shall not cause any delay or cessation in or of Work, but shall proceed with the performance of the Work in dispute. The Disputed Work will be categorized as an “unresolved dispute” and payment, if any, shall be as later determined by mutual agreement or a court of law. Contractor shall keep accurate, detailed records of all Disputed Work, claims and other disputed matters.

All claims arising out of or related to the Contract Documents or this Project, and the consideration and payment of such claims, are subject to the provisions of the Division 3.6 (commencing with Government Code Section 810) of Title 1 of the Government Code (the “Government Claims Act”) with regard to filing claims and to Article 1.5 (commencing with Section 20104) of Division 2, Part 3 of the Public Contract Code regarding the resolution of public works claims of \$375,000 or less. This Contract hereby incorporates those provisions as through fully set forth herein. Thus, Contractor or any Subcontractor must file a claim in accordance with the Government Claims Act as a prerequisite to filing a construction claim in compliance with Article 1.5, and must then adhere to Article 1.5.

L. THIRD PARTY CLAIMS

City shall timely notify Contractor of the receipt of any third-party claim relating to the Project. City shall be entitled to recover its reasonable costs incurred in providing this notice.

T. NON-WAIVER OF TERMS, RIGHTS AND REMEDIES

Waiver by either party of any one or more of the conditions of performance under these Contract Documents shall not be a waiver of any other condition of performance under these Contract Documents. In no event shall the making by the City of any payment to Contractor constitute or be construed as a waiver by the City of any breach of covenant, or any default which may then exist on the part of Contractor, and the making of any such payment by the City shall in no way impair or prejudice any right or remedy available to the City with regard to such breach or default.
